SUMMARY

Seeking an entry-level opportunity and passion for innovation in a challenging engineering role to contribute to the organizational growth.

EDUCATION

Anna University College of Engineering, Panruti (UCEP) **Tamil Nadu, India**
2020 - 2024

- Bachelor's Degree in Computer Science
- CGPA : 7.83

EXPERIENCE

Tata Groups | *Virtual Internship* | *Link* Aug -2024
Data Visualisation: Empowering Business with Effective Insights Job Simulation

- Completed a simulation involving creating data visualizations for Tata Consultancy Services.
- Designed visuals for data analysis to help executives with effective decision making.

SKILLS

- Programming Languages : Python, Java
- Frameworks & Libraries : Django, Numpy, Pandas, Scikit-learn
- Web Development : HTML, CSS
- Database Management : SQL (Microsoft SQL Server, SSMS)
- Data Analysis & Visualization : Power BI , Microsoft Excel (Advanced)
- Version Control : Git , GitHub

PROJECTS

E-commerce Customer Reviews Sentiment Analysis Using NLP | *Link* **Jul - 2025**

- Built an NLP model for e-commerce customer review sentiment classification using TF-IDF and Logistic Regression.
- Implemented text preprocessing pipeline with stopword removal, lemmatization, number & punctuation filtering.

Blinkit Shop Sales Analysis | *Link* **Sept - 2024**

- Collected and analyzed data on customer preferences.
- Identified frequently purchased items and explore patterns of products to create an interactive dashboard.

Rice Leaf Disease Detection System Using CNN | *Link* **May - 2024**

- Collaborated with classmates to develop a deep learning model using CNN to detect and classify major rice leaf diseases such as leaf blast, bacterial blight and brown spot.
- Implemented image processing techniques to analyze leaf images and accurately identify the disease type, enabling timely intervention for farmers to manage and mitigate crop losses effectively.

CERTIFICATIONS

2025 GeeksforGeeks – Python Programming Certificate.
2024 Udemy – Microsoft Power BI in Microsoft Fabric Certificate.
2024 HackerRank – SQL Certification.

ADDITION SKILLS

- Problem Solving
- Analytical Thinking
- Decision-making
- Team Collaboration
